

# SLIM LINE

UNIQUE DESIGN, MODERN LOOK

Combination of smooth surface and narrow oblong glazed panels create an eye-catching effect.

The double glazing 'gap' can vary between 50-100 mm depending on door height.

Several glazing options: clear tempered glass or clear/matt acrylic glass.

The available door widths with tempered glass up to 3 metres and with acrylic glass up to 6 metres.

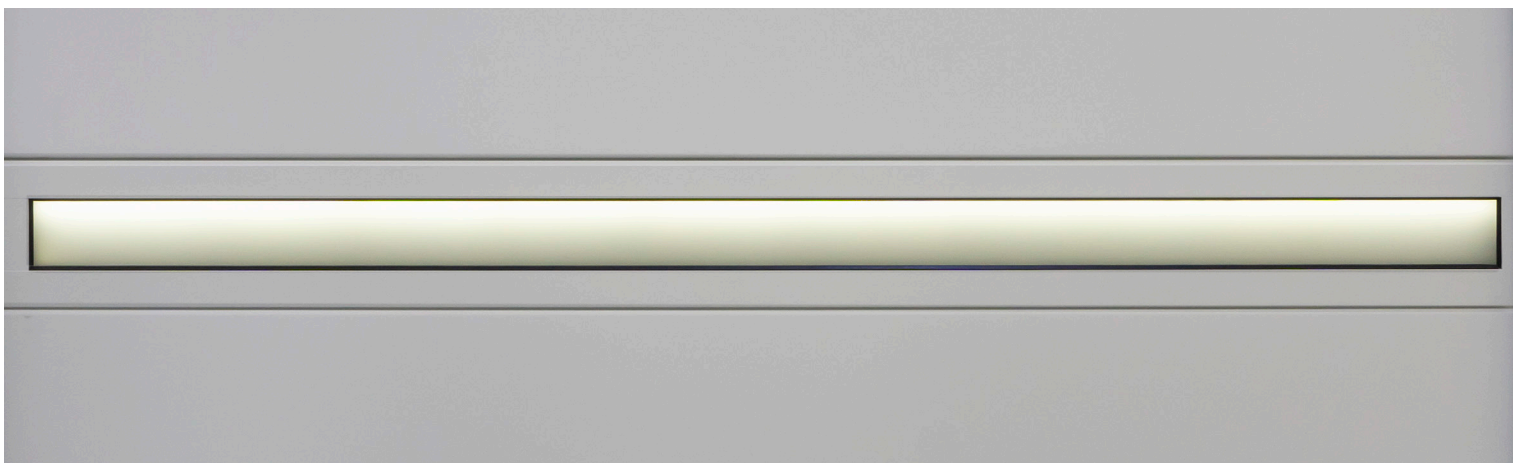

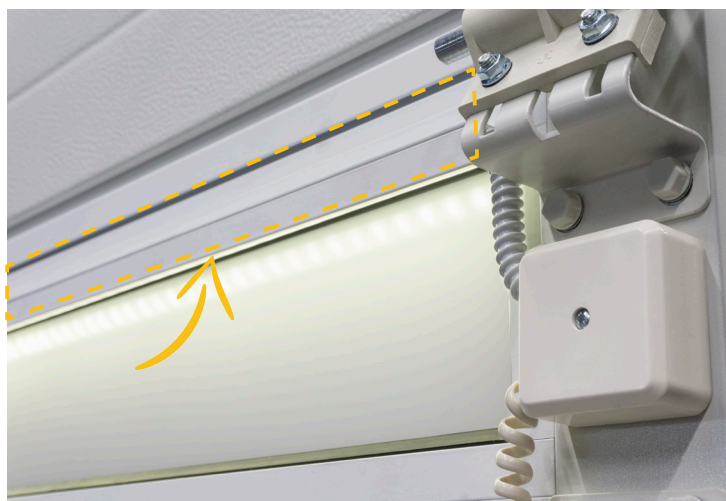

Optional LED backlight with easily replaceable LED stripe, AC/DC power supply, wiring, spiral cable and connection boxes.
